

2-4 May 2017
International Congress Center
Dresden, Germany

Introducing the Student Opportunities Programme at the world's largest conference and exhibition dedicated to braking technology

At EuroBrake 2017 the Student Opportunities Programme offers students the chance to attend and take part in the world's largest conference and exhibition dedicated to braking technology:

- Meet with top experts from industry and academia
- Access the exclusive Students' Lounge to network with peers and professionals
- Attend a special lecture on the basics of braking, including a valuable overview of key EuroBrake sessions
- Discuss your career options and get CV advice from leading management and HR professionals in the brake industry
- Attend the EuroBrake Dinner
- Gain financial assistance with hotel and travel expenses

You can apply for a sponsored student delegate pass, which will include full access to the Technical Programme and entry to the EuroBrake Exhibition, giving you the chance to connect with organisations at the heart of the industry. Within the main conference you'll learn about the latest industry innovations and contribute to expert discussions on new technology.

You're also invited to attend the well-regarded Strategy Panel session, focusing on key challenges in brake development and the diversity of roles available within the sector.
